

THE PAP CORPS

Champions for Cancer Research

By Dave Orkin

Our Coral Lakes Pap Corps chapter extends our warmest wishes to our chapter members and to all of our Coral Lakes friends and neighbors for a very happy and healthy new year.

We are starting a new year under the leadership of our new chapter president Arlene Orkin. She has been working with The Pap Corp for over 15 years and is dedicated and driven to doing whatever she can to raise funds for cancer research.

Our immediate past president Norma Gluck spent 14 years raising funds and leading our chapter to where it is today. We applaud her for the time and effort she so graciously provided to our important cause and we look forward to her continued involvement and support. We appreciate the enthusiasm and commitment provided by our board members, committee chairpersons and committee members who spend their time and effort running events and raising funds to generate significant contributions for cancer research. We thank our Pap chapter members for their support of our activities and events.

Please talk with us If you are new to our community or are not currently a member and would like to find out more about The Pap Corp. For additional information contact Barbara Eliasof at (201) 310-0301.

We invite all CL residents to join us at our January 16 membership meeting starting at 1:00pm in our clubhouse theater. Doors open at 12:30pm. You can enjoy the music of the popular "piano man" Larry Brendler.

Breakfast donated by our café .

The Pap Corps is the largest all-volunteer fundraising organizations in South Florida and was awarded the 2022 Platinum Seal of Transparency from GuideStar. Every dollar raised or donated brings hope and new cures to someone touched by cancer. The Pap Corps, with our 20,000 plus members in 50 local chapters, has donated more than \$110 million dollars to Sylvester Comprehensive Cancer Center because we know today's research brings tomorrow's cures.

Together, we strive towards our collective vision- **A World Without Cancer**. All funds raised at our events and all individual contributions we receive benefit Sylvester Comprehensive Cancer Center at the University of Miami Miller School of Medicine. Sylvester is the only South Florida Cancer Center that has earned the prestige NCI designation which is the highest rating a cancer center can achieve. This rating is awarded to only the nation's top cancer centers in recognition of their innovative research and leading-edge treatments.
