

THE PAP CORPS

Champions for Cancer Research

By Dave Orkin

During the first four months of 2023 our CL chapter has been very successful raising critical research funds through donations and fundraising events. This could not have been accomplished without the assistance of our members, our community and our incredible team of inspired cancer fighters.

The funds you helped raise are being used for critical cancer research at Sylvester Comprehensive Cancer Center, University of Miami, Miller School of Medicine and will get us closer to our vision to imagine and help create a world without cancer. This adds to the \$110 million The Pap Corps has contributed to date.

We are busy working on new events and activities to increase this number and look forward to your continued assistance and support. We are proud about what we have accomplished and what we are planning going forward. We welcome all of our Coral Lakes neighbors to join us.

JOIN OUR PAP CORPS CHAPTER

Most of us have been touched or perhaps hit hard by cancer either directly or through friends and relatives. Becoming a member of The Pap Corps gives us a way to work with other members of our community and fight this horrible disease. If you are not currently a member of our chapter please consider joining and working with our team. Help us find ways to fund research that will reduce and hopefully eliminate cancer during the lifetime of our children and grandchildren. We cannot think of a more worthy gift to give to our loved ones. For additional information on membership in our chapter contact Barbara Eliasof at barbaraehliasof@yahoo.com or at 201-310-0301.
