

THE PAP CORPS

Champions for Cancer Research

By Dave Orkin

On May 18, 2023 The Pap Corps proudly presented Sylvester Comprehensive Cancer Center, University of Miami, Miller School of Medicine with a check in the amount of **\$8.4 million dollars** to be used to support groundbreaking research for lifesaving treatments for patients with all types of cancer. We have donated over \$110 million dollars to date. The funds we raise are helping to achieve greater cancer survival rates each year and we will continue our efforts until a total cure for cancer can be found.
