

CANCER SUPPORT SERVICES

YOUNG ADULT PEER MENTORSHIP INITIATIVE **ADOLESCENT & YOUNG ADULT (AYA) PROGRAM**

Supporting newly diagnosed patients
between 18 and 39 years old.

Sylvester Comprehensive Cancer Center created the AYA Peer Mentorship Program for newly diagnosed patients between the ages of 18 and 39 years old to receive support during their journey. By becoming a mentor you will be matched with a recently diagnosed patient to provide ongoing support as they navigate the challenges of being young and dealing with cancer. Once matched, mentors will offer support via phone, text, email, and/or video conferencing as agreed upon with the mentee.

PAP CORPS MEMBERS

Interested in becoming a mentor through Sylvester?

Mentors must:

- ✓ Be at least one-year post-active treatment.
- ✓ Have received treatment at Sylvester.
- ✓ Undergo an interview, complete a questionnaire that will be used to make matches, and receive extensive training via video conferencing.

Applying to become a mentor does not guarantee you will receive an assignment.

This is a voluntary role.
